## Chief Executive Officer

### Sargent and Greenleaf (S&G)

Mark LeMire is the Chief Executive Officer of Sargent and Greenleaf (S&G), a leading international manufacturer that delivers proven security solutions that protect people and assets at home, at work, and in communities around the world.

As CEO of S&G, LeMire provides strategic leadership and day-to-day operational management, guiding the company to exceed its business objectives. LeMire's goal is to develop solutions that secure customers' most valuable assets, while building even stronger customer relationships.

When LeMire joined S&G in 2019, he brought over 25 years of extensive experience in executive management, new product development and engineering. He drives team and financial performance through his expertise evaluating, designing, implementing and managing business structures and processes. LeMire offers a proven ability to strategically partner across all functional areas of the organization, aligning objectives and improving results.

Prior to S&G, LeMire held leadership positions at Loma Systems and Buehler, both divisions of Illinois Tool Works (ITW). As a Global Director of Marketing and Product Development for Buehler, he managed and led the product portfolio encompassing lifecycle management, innovation, and new product development.

His experience also includes 15 years with Parker Hannifin Corp., where he achieved roles of increasing authority providing engineered solutions in marketing, sales, business development, product design. In addition, LeMire was a product design engineer for SMC Pneumatics.

LeMire graduated from Purdue University with a B.S in Mechanical Engineering Technology and earned an M.B.A in Marketing from DePaul University in Chicago. He secured certification as a Certified Fluid Power Specialist from the International Fluid Power Society. LeMire resides in Nicholasville, Kentucky.
