

# THE PROFESSIONAL'S FIRST CHOICE FOR **SOLID RELIABILITY**

### **Mechanical Safe Lock**

**Model** 6741

More than 160 years of engineering excellence went into the creation of the Sargent and Greenleaf Model 6741. The ultimate evolution of the commercial grade mechanical safe lock, Model 6741 delivers the durability and reliability to protect banking and commercial assets.

#### **Features**

- Exclusive Patented Torque Adjustor: Easily keep the wheel pack assembly set to perfect resistance for long life and maximum resistance to wheel skating and vibration opening.
- Built In Relock Trigger: Protect against dial and spindle punching attacks.

## **Copied many times** but never duplicated.

Time tested mechancial security — based on the best historical models, combining proven design with modern manufacturing processes to meet today's security demands.

#### **Specifications**

#### **Certifications**

- UL-Listed Group 2
- VdS Class 1\*
- VdS Class 2\*\*
- CEN A\*
- CEN B\*\*
